

# In My GRASP Planning Form

Identify a **Goal** that you're trying to accomplish or a task you're trying to complete.

*What do you want to accomplish? Describe something you want to learn, make, or do.*

Identify **Resources** that could help you accomplish the goal or task.

*What resources can you take advantage of? Consider people, places, and things—and brainstorm a list of possibilities (books, newspapers, museums, websites, podcasts, your school librarian, a specific classmate, etc.).*

Map out an **Action plan**.

*How will you tackle your goal or task? What steps will you take? Be specific.*

Identify potential **Stumbling blocks** or challenges. Then think about how you'll address them.

*What obstacles or difficulties might you face?*

*How will you handle them?*

Think: What will constitute **Proof** that you've accomplished your goal or task?

*How will you know if you've been successful? How will you show what you've learned or accomplished?*
